

Calling SUNY Faculty!

SUNY is sponsoring full and part-time faculty who use **Open Educational Resources** (OER) in their courses to participate in a Faculty Guild fellowship starting in fall 2019.

JOIN THE TEACHING SUCCESS MOVEMENT

Faculty Guild offers a different kind of professional development for faculty who are interested in improving their teaching as part of a supportive community of practice. Our approach is thoughtful, peer-driven, research-based and highly personalized. You will focus on what you are already doing well, while exploring your pattern of teaching practices to plan what you will do in the future. When you become a Faculty Guild fellow, you'll be building a teaching toolkit that you can use right away — and sustain over time.

Because teaching success is student success.
